Program Spotlight

Charleston Southern University's second-year professional athletic training students spent the summer learning about general medical conditions.

To test their proficiency in some of these conditions they had to complete an "Escape Room" with topics pertaining to the the respiratory and cardiovascular systems!

Is your program doing something cool? We would love to know!

D3 Spotlight

Congratulations to our very first district president-elect Steve Cole and vice president-elect Donita Valentine

Steve is excited to serve as the district's very first president and has a lot of plans to pave the way for this transition! Cole owns his own consulting firm Cole Consultant Services Inc. and works with many athletic programs, medical practices and industrial cooperations. Cole has also worked in health care and athletic training administration for 40 years and has over 35 years in the collegiate setting as well as being the director of sports medicine for 26 years at William and Mary.

Donita has worked in the secondary school setting for 15 years. Previously Dr. Valentine worked with the Mid-Atlantic Athletic Training Association AT's Cares initiative to provide peer-support to athletic trainers struggling in our district. Donita recently accepted a position of an At Large Member of the NATA's AT's Care Commission. Donita is very excited to serve as our first district vice-president!
